

SENIOR GRAPHIC DESIGNER / DIGITAL DESIGNER

Starting ASAP

Who we are:

Nucco Brain is an award-winning digital storytelling studio and part of the UNIT9 group of companies.

Our highly talented team is young, energetic and international, with a passion for telling stories through branding, film, animation, digital content, graphic design and visual development.

Our head office in Farringdon, London is now looking for a full time permanent Senior Graphic Designer / Digital Designer

About You:

- Love for storytelling and a curiosity to always learn new things: about design, illustration, digital content, animation, clients, new software etc.
- Experience in the design and production of both digital media campaigns, social communications, websites and games.
- Must be someone who will take an interest in and work well with your teammates and be able to support them during production.
- Must be passionate about work and find enjoyment in your projects.
- Must be honest and transparent towards the goals you have achieved and the challenges you may encounter.
- Must be a natural problem-solver, focused on delivering smart solutions.
- Must be able to relate to creative professionals and understand their thinking and work practices.
- Must be highly creative and enjoy finding solutions within restrictions.
- Must be able to delegate work to the rest of the team (copywriters, animators, graphic designers / illustrators).
- Be able to review deliverable materials to assess their validity and appropriateness for client brand and provide feedback to the rest of the team.
- Be the brand keeper and have a good understanding of previous client work and the current market.
- Be able to attend client meetings in person and online, when needed.
- Maintain graphic consistency across all deliverables.
- Work well within a team.

- Be able to work within strict budgets.
- 60% of the role will be developing artistic concepts with your team.
- 40% of the role will be creating assets if and when needed to.

Your Experience:

- Must have at least 3 years of relevant experience working in the field, whether that is within a studio, as a freelancer.
- Must have good knowledge of InDesign, Photoshop, Sketch and Illustrator.
- Ability to quickly sketch ideas and thumbnails for layouts (yes, with a real pencil!).
- Solid experience of working with brand guidelines.
- You must have experience or at least a strong interest in character illustration, motion, animation.
- You must be able to confidently communicate with your team.
- Sense of humour is always appreciated!

Compensation:

Salary: £32k - £35k per annum (based on experience)
